走进焦作

PROFILE OF JIAOZUO

焦作市情

焦作位于河南西北部，与郑州一河（黄河）之隔，邻山西晋城。地处太行山南、黄河北（双阳之地），三分之二为平原，古称“怀川”，意为山水环抱之平川。面积 4071 平方公里，人口 352 万，辖 6 县（市）4 区和一个高新区，是全国文明城市、国家卫生城市、中国优秀旅游城市、国家森林城市、国家园林城市、全国水生态文明城市、全国创新驱动示范市、全国双拥模范城市。焦作有四个特点：

一是青山绿水抱城

“太行不墨千秋画，黄河无弦万古琴”。南太行在此连绵百余公里，

把最美一段留给了焦作，成就了以云台山、青天河、神农山等为代表的南太行山岳风光。黄河奔腾怀川，这里是“百川头”，也是“悬河口”，黄河、沁河、南水北调成为焦作水域风光的代表。

二是人文精神鲜明

是“特别能战斗”精神的发源地；是习近平总书记多次引用并写入二十大报告主题“踔厉奋发”一词的首创作者韩愈故里；是总书记多次引用“梨虽无主、我心有主”典故主人许衡故里。这里走出过空降兵军的源头——晋冀鲁豫野战军第九纵队，涌现出狼牙山五壮士之一的宋学义等一大批英模人物，拥有新中国引黄第一渠——人民胜利渠。“特别能战斗”精神，“特别敢创新、特别重落实”新风，“踔厉奋发”“清

廉焦作”等成为城市品牌。

三是文化底蕴深厚

是司马懿、韩愈、李商隐、许衡、朱载堉等历史文化名人的故里，是“竹林七贤”的主要活动地，太极拳、八极拳的发源地，具有中华民族优秀传统文化基因，是文武福地。拥有“万里黄河第一观”嘉应观等国家重点文物保护单位 28 处、国家级非物质文化遗产 13 项、河南省第一。同时，也是国药瑰宝“四大怀药”的原产地，衍生出豫商当中的杰出代表群体“怀商”。

四是产业特色突出

一、二、三产比例为 6.5：40.5：53。

农业基础好。是我国“优质小麦之都”（2015 年 8 月中国粮食产业协会评定）、优质小麦种子基地（占河南省小麦种子繁育面积 1/4），首个小麦亩产千斤县。2022 年小麦平均亩产 592.9kg, 夏粮单产连续 21 年河南省第一，其中试验田产量最高达 981.1kg，再创全国第一。

工业起步早。是著名的煤城，富含氟、钒、钛、锆等资源。拥有河南省第一个发电厂、第一所高等学府，是河南省最先使用自来水、电灯的城市。自煤炭采掘开始焦作逐步形成了较为完备的工业体系，上世纪八十年代，十八罗汉闹中原焦作就占了 3 席（孟州、沁阳、济源）。1994 年费孝通到焦作考察，感叹：“不到焦作不知中原之富”。目前拥有全部 41 个工业门类中的 38 个行业大类，有 9 个工业产品处于国际领先地位，26 个产品处于国内领先地位。当前焦作正重点发展新能源新材料、绿色食品、汽车零部件三大优势产业，加快建设“356”特色产业集群，全力打造“一城一都一基地”。

文旅禀赋足。是中国优秀旅游城市、国家智慧健康养老示范基地。拥有 5A 级景区 3 家、旅游景区 40 家，云台山世界地质公园闻名遐迩，是全国景区标准制定者，云上院子是全国甲级旅游民宿。武陟县是黄河文化之乡，成为“行走河南，读懂中国”重要文旅品牌。作为首批国家资源型枯竭城市，成功实现由“黑色印象”到“绿色主题”的转变，被旅游业界誉为“焦作现象”。“山水富城·文武福地”，谱写了中国式现代化焦作图景。

About Jiaozuo

Jiaozuo, a city located in the northwest of Henan Province, is separated from Zhengzhou City by the Yellow River and adjacent to Jincheng City in Shanxi Province. Jiaozuo is bounded on the north by the Taihang Mountains and on the south by the Yellow River (with sufficient sunlight) and has two thirds of plain. Thus, it was called “Huaichuan” in ancient times, meaning a plain surrounded by mountains and waters. It has an area of 4,071 km² and a population of 3.52 million. It governs six counties (county-level cities), four districts, and one urban-rural integration demonstration area. It has won numerous honors, e.g., National Civilized City, National City of Health & Public Hygiene, Top Tourist City of China, National Forest City, National Garden City, National City of Water Ecological Civilization, National Innovation-driven Demonstration City, and National Double Support Model City. Jiaozuo has four features:

Lush mountains and lucid waters

“Taihang Mountains are time-honored paintings sans inks, and the Yellow River eternal zithers without strings.” Taihang Mountains stretch for more than 100 kilometers here and endows Jiaozuo with the most magnificent part, forming the scenery of southern Taihang Mountains represented by Yuntai Mountain, Qingtian River, and Shennong Mountain. The Yellow River traverses Jiaozuo, making it the “cradle of all

ivers” and the “perched river mouth”. The Yellow River, the Qinhe River, and the South-to-North Water Diversion Project become the representatives of water landscapes in Jiaozuo.

Distinct humanistic spirit

Jiaozuo is the birthplace of the spirit of “particularly hardworking”, the hometown of Han Yu – the creator of the term “forging ahead with enterprise and fortitude” which has been quoted by General Secretary Xi Jinping many times and included in the theme of the Report to the 20th National Congress of the CPC, and the hometown of Xu Heng – the creator of the allusion of “being independent-minded and principled” which

has been quoted by General Secretary Xi Jinping repeatedly. As the origin of the airborne troop – the Ninth Column of Shanxi-Hebei-Shandong-Henan Field Army, Jiaozuo is brimming

with a large number of heroes represented by Song Xueyi, who is one of the Five Warriors on Langya Mountain, and owns the People’s Victory Canal, which is the first canal that diverts water from the Yellow River in the New China. The spirit of “particularly hardworking”, the style of “particularly daring to innovate and valuing fulfilment”, “forging ahead with enterprise and fortitude”, and “Jiaozuo without corruption” have become the city’s reputations.

云台天瀑
Yuntai Sky Waterfall

Profound cultural deposits

Jiaozuo is the hometown of historical and cultural personages such as Sima Yi, Han Yu, Li Shangyin, Xu Heng, and Zhu Zaiyu, the gathering place of the Seven Sages of the Bamboo Grove, and the cradle of Taiji Quan and Baji Quan. Boasting the inherent genes of the excellent traditional culture of China, Jiaozuo is also the birthplace of literati and military strategists. Jiaozuo has 28 key cultural relics under state protection including Jiaying Taoist Temple – the “No. 1 temple along the Yellow River”, and 13 national intangible cultural heritage sites with the quantity ranking first in Henan Province. Meanwhile, Jiaozuo is the origin of four Huaiqing Chinese medicines, from which the outstanding representative group “Huaiqing Businessmen” in Henan was derived.

Prominent industrial features

The ratio among the primary, secondary, and tertiary industries is 6.5:40.5:53.

Good agricultural foundation. Jiaozuo is the “Capital of Quality Wheat” (assessed by China National Association of Grain Sector in August 2015), a quality wheat seed base (accounting for 25% of the wheat seed breeding area in Henan Province), and the first county with the wheat yield of 1,000 jin (500 kg) per mu (about 0.067 hectare). In 2022, its average wheat yield per mu reached 592.9 kg, and its summer grain yield per unit area has been ranking first in Henan Province for 21 consecutive years, with the yield of experimental fields up to 981.1 kg per mu, ranking first in China once again.

Early start of industry. Jiaozuo is a well-known coal city and is rich in resources such as fluorine, vanadium, titanium, and zirconium. It boasts the first power plant and the first institution of higher education in Henan Province and is also the first city to use tap water and electric light in Henan Province. Jiaozuo has gradually built up a relatively complete industrial system since the coal mining. In the reform of 18 counties (county-level cities) in Henan in the 1980s, there were three (Mengzhou, Qinyang, and Jiyuan) in Jiaozuo. In

云台山红石峡
Yuntai Mountain red stone Gorge

1994, Mr. Fei Xiaotong visited Jiaozuo and praised that “We cannot understand how wealthy the Central Plains is unless we visit Jiaozuo”. At present, Jiaozuo owns 38 divisions of the 41 industrial categories, with nine industrial products in an international leading position and 26 industrial products in a domestic leading position. It is currently focusing on developing three competitive industries, i.e., new energy and new materials, green food, and auto parts, and accelerating the construction of the “356” characteristic industrial cluster, sparing no effort to build “one city, one capital, and one base”. Sufficient cultural and tourism resources. Jiaozuo is rated as the Top Tourist City of China and the National Demonstration Base for Smart Health and Elderly Care. It boasts three 5A scenic spots and 40 tourist attractions. The world-renowned Yuntaishan UNESCO Global Geopark is a setter of national scenic spot standards, and The Yard on the Cloud here is a national Class A homestay inn. Wuzhi County is the hometown of the Yellow River culture and has become a significant cultural tourism brand of “A Trip to Henan Makes You Understand China Better”. As one of the first batch of national resource-exhausted cities, Jiaozuo has successfully transformed from the “black impression” into the “green theme”, which is praised as “Jiaozuo Phenomenon” by the tourism industry. As “A City with Natural Scenery and Birthplace of Literati and Military Strategists”, Jiaozuo has created a prospect of Chinese-style modernization.

投资焦作

INVESTMENT IN JIAOZUO

通衢怀川
Jiaozuo with convenient transportation

区位优势 Geographical Advantages

焦作拥有四通八达的高速网和铁路网，是河南米字形高铁网的重要节点城市。

太焦铁路、郑焦城际铁路和焦作直达北京、上海、深圳的高铁均已开通运营，呼南高铁、焦济洛城际铁路等快速推进。

高速公路与京港澳、连霍、大广、二广等国家干线高速联通。

“焦作——青岛”多式联运班列开通，实现货物集装箱运输至青岛港直接出口。

With a radiating network of expressways and railways, Jiaozuo prides itself on a strategically important part of the Union Jack-shaped high-speed railway system in Henan. Taiyuan-Jiaozuo Railway, Zhengzhou-Jiaozuo Intercity Railway, Beijing-Jiaozuo High-speed Railway, Shanghai-Jiaozuo High-speed Railway and Shenzhen-Jiaozuo High-speed Railway are under operation. Construction is being pressed ahead with for Hohhot-Nanning High-speed Railway and Jiaozuo-Jiyuan-Luoyang Intercity Railway. There are expressways joining such arterial national expressways as Beijing-Hong Kong&Macao Expressway, Lianyungang-Khorgos Expressway, Daqing-Guangzhou Expressway, and Erenhot-Guangzhou Expressway. The Jiaozuo-Qingdao multimodal transport system is in operation now so that cargo containers can be transported to Qingdao Port for direct export.

资源优势 Resource Advantages

焦作市水资源丰富。流域面积在 100 平方公里以上的河流有 23 条，还有引沁渠、广利渠两大人工渠，有群英水库、青天河水库、白墙水库、顺涧水库等较大水库，地表水资源充裕；焦作市还是天然的地下水汇集盆地，已探明地下水储量 35.4 亿立方米。建设中的南水北调中线工程也将从焦作通过。丰富的水资源在中西部地区是不可多得的。

焦作矿产资源品种较多，储量较大，质量较好，经过普查的矿产资源有 40 余种，占全省已发现矿种的 25%，探明储量的有煤炭、石灰石、铝矾土、耐火粘土、硫铁矿等 20 多种，其中煤田东起修武，西至博爱，南接武陟，东西长 65 公里，南北宽 20 公里，保有储量 32.4 亿吨，为单一的优质无烟煤（发热量：5500-6700 大卡／公斤，含硫量：0.5-0.8%，挥发分：8-9%，灰分：22-27%），是化工和钢铁工业的理想原料；耐火粘土主要分布于修武至沁阳一线的太行山南侧，埋藏浅，易开采，耐火度达 1650 ～ 1770℃，是生产陶瓷、耐火材料的优质原料，已探明储量 4686.9 万吨，占全省保有储量的 9.5%；铁矿主要分布于焦作和沁阳，保有储量 2726 万吨，工业储量 740.6 万吨，以磁铁矿为主，含铁量 32%；硫铁矿保有储量 3475.5 万吨，占全省储量的 41%，品位一般在 16 ～ 20% 左右，洗选性能良好，主要位于冯封矿区，矿体长 3000 米，宽 300-600 米；石灰石分布广、储量大，工业储量 33 亿吨，远景储量 100 亿吨，厚度稳定在 30 米以上，含氧化钙 52 ～ 54%，主要分布于北部山区，面积 500 平方公里，是生产纯碱、乙炔、水泥等产品的优质原料；此外，焦作还有铜、铁、石英、大理石、铝、锌、磷、锑等矿产资源。

焦作区内地貌类型较全，自北向南，山地、丘岗、平原、滩涂皆备。目前，全市已开发利用的土地资源分为耕地、林地、草地、工交建筑用地等四大类，

云台山凤凰岭
Yuntai Mountain Phoenix Ridge

大沙河落霞
The Sunset of Dasha River

其中耕地面积为 257.9 万亩，境内有约 500 平方公里的山前岗地和砾石倾斜平地，其地质坚硬稳固，地层耐力巨大，工程地质和区域定性好，且近邻矿点、水源、交通干线和城镇，是极为理想的工业用地。

动植物资源比较丰富。有猕猴、豹、虎、豹、香獐、狐、青羊等野生动物 190 多种，其中属国家保护珍稀动物有

20 多种。焦作属华北植物落叶植被区，有木本植物 143 科 875 种，草本植物 69 科 469 种，属国家保护的珍稀树种有红豆杉、连香树、山白树、银杏、杜仲、青檀等；主要粮食作物有小麦、玉米、水稻，主要经济作物有花生、棉花、大豆、怀药等。1.8 万亩的竹林是华北地区最大的竹林，“四大怀药”（山药、牛膝、地黄、菊花）闻名中外，远销东南亚和欧美二十多个国家和地区。

Rich water resources. There are 23 rivers with a drainage area of more than 100 km², two artificial canals of Yinqin Canal and Guangli Canal, and larger reservoirs such as Qunying Reservoir, Qingtian River Reservoir, Baiqiang Reservoir, and Shunjian Reservoir. The surface water resources are abundant. Jiaozuo is also a natural groundwater catchment basin with an ascertained groundwater reserve of 3.54 billion m³. The middle route of the South-to-North Water Diversion Project under construction will also pass through Jiaozuo. The abundant water resources here are unparalleled in China's central and western regions.

A wide range of mineral resources with larger reserves and better quality. Jiaozuo has more than 40 sorts of surveyed mineral resources, which account for 25% of the mineral species discovered in Henan Province. There are more than 20 sorts of

mineral resources with ascertained reserves, including coal, limestone, bauxite, refractory clay, and pyrite. Among them, the coal field, which borders Xiuwu County in the east, Boai County in the west, and Wuzhi County in the south, has a length of 65 km from east to west, a width of 20 km from south to north, and an available reserve of 3.24 billion tons. With purely quality anthracite (calorific value: 5,500-6,700 kcal/kg, sulphur content: 0.5-0.8%, volatile content: 8-9, ash content: 22-27%), it is an ideal raw material for chemical and steel industries. The refractory clay is mainly distributed in the south of the Taihang Mountains along the line from Xiuwu County to Qinyang County. Characterized by shallow burial, easy mining, and refractoriness of 1,650-1,770°C, it is the premium raw material for ceramics and refractory material, with an ascertained reserve of 46,869,000 tons which accounts for 9.5% of the available reserve in Henan Province. The iron ore, which is mainly distributed in Jiaozuo and Qinyang, has an available reserve of 27,260,000 tons and an industrial reserve of 7,406,000 tons. The magnetite is taken as the mainstay, with an iron content of 32%. The pyrite has an available reserve of 34,755,000 tons, accounting for 41% of the reserve in Henan Province. Its grade is about 16-20% and its washing performance is satisfactory. Chiefly located in the Fengfeng Mining Area, the ore body is 3,000 m in length and 300-600 m in width. Being widely distributed with large reserves, limestone has an industrial reserve of 3.3 billion tons, a prospective reserve of 10 billion tons, a thickness stabilizing at over 30 m, and a calcium oxide content of 52-54%. It is mainly distributed in the northern mountain area, has an area of 500 km², and is the premium raw material for products such as sodium carbonate, acetylene, and cement. Moreover, Jiaozuo possesses mineral resources such as copper, iron, quartz, marble, aluminum, zinc, phosphorus, and antimony.

Various landform types. Jiaozuo has mountains, hills and mounds, plains, and beaches from north to south. At present, the developed land resources in Jiaozuo are divided into cultivated land, forest land, grassland, and industry, transportation and

construction land, among which the cultivated land has an area of 2,579,000 mu (about 171,933 hectares). There are about 500 km² of mounds in front of mountains and gravelly sloping ground within Jiaozuo, which are geographically solid and have strong formation endurance and favorable engineering geology and regional stability. In addition, they are in the vicinity of mineral occurrences, water sources, traffic arteries, and towns. Therefore, they can be used as highly desirable industrial land. Abundant animal and plant resources. There are more than 190 sorts of wild animals, including macaque, leopard, tiger, roe deer, musk deer, fox, and blue sheep. More than 20 sorts of them have been listed as rare animals under state protection. Belonging to the deciduous vegetation region in North China, Jiaozuo has 143 families and 875 species of ligneous plant as well as 69 families and 469 species of herbaceous plant, with rare tree species under state protection such as yew, katsura tree, Henry Wilson tree, ginkgo, gutta-percha tree, and wingceltis. The main food crops include wheat, corn, and rice, while the main economic crops include peanut, cotton, soybean, and Huaiqing Chinese medicines. Jiaozuo has a bamboo forest of 18,000 mu (1,200 hectares), which is the largest one in North China. The four Huaiqing Chinese medicines (Chinese yam, achyranthes bidentata, glutinous rehmannia, and chrysanthemum) are famous around the world and are exported to more than 20 countries and regions in Southeast Asia, Europe, and America.

产业布局 Industrial layout

加快优势产业树标引领。立足新能源新材料、绿色食品、汽车零部件三大优势产业，全力打造“一城一都一基地”。打造中部新能源材料城。以新能源牵引新材料、新材料支撑新能源，加快多氟多新能源年产 20GWh 锂离子电池、新开源年产 10 万吨 NMP 等重大项目建设，构建锂、钠、氢三大主流电池和钒液流、光伏等新兴电池协调发展的“3+N”体系，力争产业集群营收突破 500 亿元。打造休闲健康食品之都。发挥四大怀药、小麦、玉米等产业优势，依托大咖、明仁、蒙牛、京华等企业，培育养生食品、休闲食品、功能饮料、调味品等高成长产业链，构建“产、购、储、加、销”一体化发展的绿色食品产业生态圈。打造国家级汽车零部件特色产业基地。支持中原内配、风神股份等企业发挥优势，健全协作配套体系，由汽车零部件向集成、总成方向发

多氟多公司锂离子电池生产线
Do-Fluoride lithium-ion battery production line

龙佰集团工业园区
LB Group Industrial Park

多氟多国家认可实验室
Do-Fluoride National Certification Lab

展。同时，大力实施“四化改造”工程，谋划实施 400 个以上工业转型升级项目，力争完成投资 500 亿元，把更多的传统产业转化成优势产业，让焦作经济实现弯道超车、换道领跑！

促进新兴产业集聚成势。聚焦高端装备、生物医药、节能环保、电子信息等新兴产业，推动创新突破和融合应用，构筑产业发展新体系、新优势。做强高端装备产业。巩固矿山装备、工程装备、造纸装备等领域优势，加快万方精密年产 200 台精密数控机床、正旭科技航空航天精密配件 3D 制造生产基地、汉河电缆特高压生产线等项目建设，构建以高端通用装备为引领、关键核心零部件为基础、重大技术装备为骨干的新兴装备制造产业体系。做精生物医药产业。聚焦新型生物医药、医疗器械、农业医药等领域，重点发展氨基头孢烷酸、核黄素等产品，拓展大宗医药中间体、原料药生产制造，强力推进焦东生物医药产业园、福瑞堂医药产业园、国药容生年产 50 亿片口服固体制剂等项目建设，打通生物医药与康养产业链条，形成一体化发展格局。做大节能环保产业。依托东方锅炉、千年冷链、亿水源等企业，大力发展脱硫除尘装备、制冷装备、净水材料等，加快建设沁阳再生金属绿色循环利用工业园区、中站新能源电池循环利用产业园区，着力打造涵盖工程总承包、核心设备研发与制造、设备运营服务的“装备+服务”产业链。做优电子信息产业。依托康耀电子、皓泽电子、鑫宇光、伯恩半导体等企业，推动电子元器件、手机摄像头模组、智能传感器、光通信等产业延链补链强链，支持孟州、武陟、修武打造国内领先的电子元器件和应用电子产业基地。

抢占未来产业新赛道。实施未来产业重点示范工程，大力发展氢能与储能、生命健康等未来产业。以建设国家氢燃料电池汽车应用示范城市群为契机，稳步推进车辆示范应用和加氢站建设。加快孟州氢燃料电堆核心零部件产业园建设，开展可再生能源制氢技术创新研发。依托焦作国家高新区等平台载体，推进智慧诊疗、健康管理等领域科研应用，建设生命健康产业集群。

推动数字经济赋智赋能。突出数字化引领、撬动、赋能作用，促进数字经济和实体经济深度融合，建设网络强市、数字强市。推进“双千兆城市”建设，扩大千兆光网深度覆盖范围。加快焦作新产业园、腾云数字经济产业园二期等项目建设，培育壮大大数据、云计算等产业，引导产业链及生态圈上下游企业落地，形成数字产业集聚效应。实施企业上云上平台提升行动，打造2个“5G+工业互联网”样板示范工程，争创2家以上新一代信息技术与制造业融合发展试点企业。

Gaining momentum from dominant industries to be a benchmark and a leading player. Based on its advantages in new energy and new materials, green food, and auto parts, Jiaozuo is working to build a new energy materials city in Central China, a leisure and health food capital, and a national auto parts production base. Building a new energy materials city in Central China. Committed to developing new materials focused on and applied into new energy, the city is moving faster with major projects such as Do-Fluoride's 20GWh lithium-ion battery and NKY's 100,000-ton NMP and creates a "3+N" system covering lithium, sodium, hydrogen batteries and emerging vanadium redox battery and PV cells. The aim is to achieve more than 50-billion-yuan revenue generated from industrial clusters. Building a leisure and healthy food capital. Making use of advantages in four Huaiqing medicines as well as wheat and corn, Jiaozuo works with Daka, Mingren, Mengniu, Jinghua companies to catalyse high-growth industrial chains covering health food, leisure food, functional drinks and condiments and build a green food industry ecosystem integrating "production, purchase, storage, processing and marketing". Building a national auto parts production base. The city supports Zynp, Aeolus Tyre and other enterprises to improve the supporting system to move from auto parts to integration and assembly. At the same time, it pushes forward with digital, networked, intelligent, green projects, plans more than 400 industrial transformation and upgrading projects, and strives to turn traditional industries into competitive ones with an investment of 50 billion yuan. These will help Jiaozuo catch up fast.

Facilitating the agglomeration of emerging industries. Jiaozuo promotes the innovation and integration of emerging industries such as high-end equipment, biomedicine, energy conservation and environmental protection, and electronic information to create new systems and advantages for industrial development. Enhancing the competitiveness of the high-end equipment industry. As part of its efforts to consolidate its role in mining equipment, engineering equipment, and papermaking equipment, Jiaozuo is

pushing forward projects such as Wanfang Precision's annual production of 200 precision CNC machining tools, Zhengxu Technology's 3D manufacturing base for aerospace precision parts, and Hanhe Cable's UHV production line. It is building an emerging equipment manufacturing system dominated by high-end general equipment, based on key core components, and supported by key technology equipment. Being specialized in several biopharmaceutical fields. Jiaozuo focuses more on new biomedicine, medical equipment and agricultural medicine. The city is expanding the production of bulk pharmaceutical intermediates and raw materials, especially aminocephalosporanic acid and riboflavin, and is strongly promoting projects such as Jiaodong Biomedical Industrial Park, Furuitang Pharmaceutical Park, and Sinopharm Ronshyn's annual production of 5 billion solid oral preparations. This will ensure that value chains between biomedical and healthcare industries are effectively linked to form an integrated development pattern. Strengthening energy conservation and environmental protection industries. Jiaozuo is working with Dongfang Boiler Group, Henan

Qiannian Cold Chain Equipment, and Yishuiyuan, which develop desulfurization and dust removal equipment, refrigeration equipment and water purification materials respectively, to build Qinyang Recycled Metal Green Recycling Industrial Park and Zhongzhan New Energy Battery Recycling Industrial Park. In this

way, the city will strive to create an "equipment + service" industrial chain, covering general engineering contracting, core equipment R&D and manufacturing, and equipment operation services. Making electronic information industry stronger. There are outstanding companies such as Kangyao Electronics, Haoze Electronics, Xinyuguang, and Born Semiconductor, which contribute to extending, supplementing and strengthening the industrial chains of electronic components, mobile phone camera modules, intelligent sensors, and optical communication, and building China's leading industry bases for electronic components and applied electronics in Mengzhou City, Wuzhi County, Xiuwu County.

Seizing the new track of future industries. Key demonstration projects for future industries are being carried out, especially industries such as hydrogen energy and energy storage, life and health. Taking the opportunity of building a national exemplary application city cluster of hydrogen fuel cell vehicles, the city is steadily promoting the demonstration and application of vehicles and the construction of hydrogen

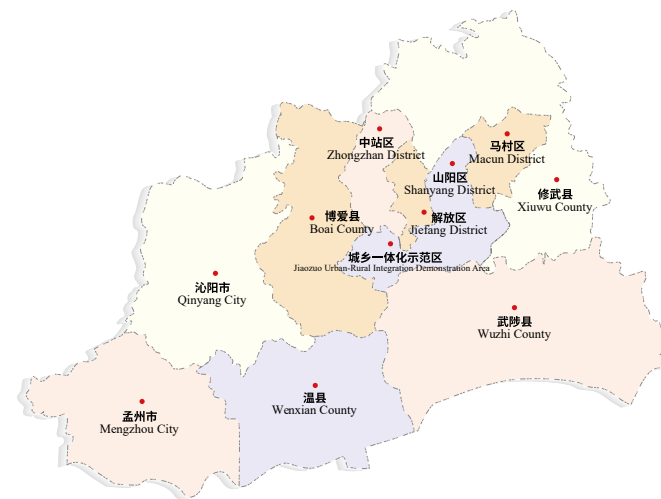

refueling stations. In addition, it is speeding up the construction of Mengzhou Hydrogen Fuel Reactor Core Components Industrial Park, and carrying out innovative research and development of renewable energy hydrogen production technology. With Jiaozuo National High-tech Zone as a carrier, it is working to transform scientific achievements in the fields of smart diagnosis & treatment and health management into products to build a life and health industry cluster.

Promoting the digital economy to empower and intellectualize industries. Efforts will be made to highlight the role of digitalization in leading,

leveraging and empowering, and to combine the digital economy and the real economy to build Jiaozuo into a strong networked and digital city. The construction of a double-gigabit city is being facilitated to expand the coverage of Gigabit Ethernet. Projects such as Jiaozuo New Economy Industrial Park and Tengyun Digital Economy Industrial Park Phase II are being accelerated to cultivate and expand industries such as big data and cloud computing, guide upstream and downstream enterprises in the industrial chain and ecosystem to settle down, and form a digital industry agglomeration effect. The enterprise cloud platform is being upgraded. Two “5G+ industrial Internet” demonstration projects are being built. It strives to give birth to more than two pilot manufacturers empowered by new generation information technology.

开放平台 Open Platform

中国（焦作）跨境电子商务综合试验区是国家级跨境电子商务综合试验区，区域内跨境电子商务零售出口企业可以享受免征增值税和消费税等支持政策，自动适用跨境电子商务零售进口试点政策。全市有 9 个开发区，包括焦作市、沁阳市、武陟县、温县、

博爱县、修武县等六个经济技术开发区，孟州市、示范区等两个高新技术开发区，马村区现代物流园区。经济技术开发区数量位居全省第一，规划面积达到 208.5 平方公里。拥有沁阳市、中站区两个省级化工园区。

China (Jiaozuo) Cross-Border E-Commerce Comprehensive Pilot Zone is a national pilot zone where cross-border e-commerce retail exporters enjoy support policies such as exemption of VAT and consumption tax, and the cross-border e-commerce retail import pilot policy. Jiaozuo has nine development zones, including one economic and technological development zone in the urban area of Jiaozuo City, Qinyang City, Wuzhi County, Wenxian County, Boai County and Xiuwu County, respectively, one high-tech development zone in Mengzhou City and Jiaozuo Urban-Rural Integration Demonstration Area, respectively, and a modern logistics park in Macun. Ranking on top of all other localities in Henan, Jiaozuo has planned to dedicate 208.5 km² of land to industrial parks. There is one provincial chemical industry park in Qinyang City, Mengzhou City and Zhongzhan District, respectively.

要素保障 Resource Guarantee

- 拥有 39.73 万公顷的土地资源；
- 拥有 7.83 亿立方米的水资源；
- 拥有 686.88 万千瓦的电力装机容量；
- 拥有完善排水系统，雨污分流；
- 河南省与焦作市分别拥有两级政府投资基金共 28 只，总规模 2252.7 亿元。其中，省本级新兴产业投资引导基金 1500 亿元、绿色发展基金 160 亿元、创业投资引导基金 150 亿元、科技创新风险投资基金 5 亿元；焦作市拥有 6 只总规模 99 亿元政府投资基金，分别为：焦投豫资新兴产业投资引导基金 50 亿元、焦投绿色转型发展产业投资基金 30 亿元、焦投军民融合产业投资基金 10 亿元、市通财创新创业投资基金 4 亿元、焦作方舟创新产业投资基金 2.5 亿元、河南中创信环保产业创业投资基金 2.5 亿元。

——397,300 hectares of land;
——783 million cubic meters of water;
——6,868,800 MWh installed capacity;
——Perfect separate drainage system for diversion of rain and sewage;
——28 government investment funds run by Henan and Jiaozuo come to RMB 225.27 billion yuan in the aggregate. Emerging industry guide funds, green development funds, VC guide funds, and technological innovation VC funds total RMB 150 billion yuan, RMB 16 billion yuan, RMB 15 billion yuan and RMB 500 million yuan, respectively. Jiaozuo owns six government investment funds that total RMB 9.9 billion yuan: JI Yuzi Emerging Industry Guide Fund (RMB 5 billion yuan), JI Green Industrial Development Fund (RMB 3 billion yuan), JI Military & Civilian Industry Investment Fund (RMB 1 billion yuan), Jiaozuo Tongcai Innovation Venture Capital Fund (RMB 400 million yuan), Jiaozuo Fangzhou Innovative Industry Investment Fund (RMB 250 million yuan), and Henan Zhongchuangxin Environmental Protection Industry Venture Capital Fund (RMB 250 million yuan).

——创建焦作市产业技术科学院，实施创新驱动、科教兴省、人才强省战略。该院是焦作市委直属事业单位，下设科研人才、科技成果转化、创新创业融资、研发平台、数字云等五个服务中心，拿出300个事业编制建立人才编制池。首批已建中国科学院大学河南数字产业创新研究院、河南理工大学焦作产业研究院、河南（焦作）应急科学产业研究院、河南省绿色低碳产业研究院、焦作工业设计产业研究院、焦作市新材料产业研究院、焦作市四大怀药绿色食品（药品）产业研究院等7个产业研究院和河南省科学院环保与精细化工新材料中试基地。

——Jiaozuo Academy of Industrial Technology (JAIT) implements a strategy aimed to forge Henan into a role model of innovation, science & education and talent development. An institution affiliated directly to Jiaozuo Municipal Party Committee, JAIT has five service branches — technological professionals, technology commercialization, financing for innovation and entrepreneurship, R&D platform and digital cloud, providing 300

jobs. So far UCAS Henan Academy of Digital Innovation, HPU Jiaozuo Academy of Industrial Research, Jiaozuo Academy of Emergency Science, Henan Academy of Green Low-Carbon Industries, Jiaozuo Academy of Industrial Design, Jiaozuo Academy of New Materials, and Jiaozuo Academy of Four-Huaiyao Green Food and Drugs are in operation. In Jiaozuo, Henan Academy of Sciences has set a pilot test facility for new environmental fine chemicals and materials.

——拥有完善的知名企业与企业家、高技能人才奖励机制。每两年评选杰出企业家、行业领军企业家、优秀企业家若干名，每名分别奖励30万元、10万元、5万元（均为税后）；对获得“中华技能大奖”“全国技术能手”“中原技能大奖”的高技能人才，分别奖励50万元、30万元、10万元；对创建为国家、省级技能大师工作室的，分别奖励20万元、10万元；对首次入选“世界企业500强”“中国企业500强”“中国制造业企业500强”“河南企业100强”的企业，分别奖励1000万元、500万元、200万元、100万元；对新获得国家级“小巨人”企业奖励100万元，对新获得省认定的“专精特新”中小企业奖励50万元；对新获得中国质量奖、河南省省长质量奖的企业（单位），分别奖励50万元、30万元；针对智能制造、技术改造、经国家和省认定的首台（套）设备等项目，出台相应奖励办法。

——A well-established award mechanism for noted enterprises, entrepreneurs and highly skilled professionals are in place. There is a biennial election of extraordinary entrepreneurs, industry-leading entrepreneurs, and excellent entrepreneurs, who are awarded RMB 300,000 yuan, RMB 100,000 yuan and RMB 50,000 yuan after tax, respectively. 政策体系 Policy system

焦作市招商引资优惠支持政策

为提高我市对外开放水平，加大招商引资工作力度，进一步扩大有效投资，促进经济社会高质量发展，结合我市实际，制定本支持政策。

第一章 适用范围

第一条 市外投资者投资符合我市产业政策且工商注册地、税务登记注册地及统计关系在我市范围内，具有独立法人资格、具备健全财务制度、实行独立核算的新设立企业，适用本政策。市外投资者与本市企业合作投资且新引进的投资资本占重组后企业资本金 40% 以上的，视为新设立企业。

第二章 项目支持政策

第二条 新引进的固定资产投资 5000 万元以上的工业项目，自纳税之日起，根据企业对我市财政年度贡献额给予奖励。

（一）年度地方财政贡献不足 1000 万元的，每年按 50%—100% 的等额资金给予奖励，期限 1—5 年。

（二）年度地方财政贡献 1000 万元以上的，实行“一事一议”。

（三）对引进省外重大招商引资项目，在享受我市支持政策的基础上，争取省级招商引资专项资金奖励。奖励标准是：引进项目实际到位并形成实收资本 1 亿元，奖励 100 万元；每增加 1000 万元，奖励资金增加 10 万元。

第三条 新引进的现代服务业项目，自纳税之日起连续 3 年，按企业对我市财政年度贡献额给予奖励。

（一）年度地方财政贡献 100 万元以上、不足 1000 万元的，每年按不超过 50% 的等额资金给予

奖励。

（二）年度地方财政贡献 1000 万元以上的，实行“一事一议”。

第四条 新引进的省级以上总部经济企业（在我市设立营销、数据、结算和研发中心；金融机构在我市新设的区域性总部和后台业务总部等），根据企业对我市财政年度贡献额给予奖励。

（一）年度地方财政贡献 1000 万元以下的，前 2 个年度奖励 100% 等额资金，后 3 个年度奖励 50% 等额资金。

（二）年度地方财政贡献 1000 万元以上的，实行“一事一议”。

（三）境外、省外企业新设立地区总部和功能性机构，经审核认定后，给予不超过 1000 万元的省级招商引资专项资金奖励。

第五条 新引进的、或增资的、或以并购方式参与我市企业改造重组的外资项目，享受以下政策。

（一）按当年实收境外资金的 1% 予以奖励；属于世界 500 强（以当年权威机构发布的榜单为准）的，按当年实收境外资金的 2% 予以奖励。

（二）对引进的境外重大招商引资项目，在享受我市支持政策的基础上，争取省级招商引资专项资金奖励。奖励标准是：引进项目实际到位并形成实收资本 1000 万美元（或等值人民币），奖励 100 万元，每增加 100 万美元（或等值人民币），奖励资金增加 10 万元。对现存外商投资企业每增加实收资本 100 万美元（或等值人民币），奖励 10 万元人民币。

（三）单个项目符合多项优惠政策的，按就高不就低原则予以奖励，不重复计奖，最高不超过 1000 万元。

第六条 对引进的世界 500 强企业、中国 500 强企业、央企（国务院国资委、财政部监管的企业）、隐形冠军等龙头企业，或对我市产业发展具有示范引领作用的重大招商引资项目，实行“一事一议”，给予更优惠的支持政策。

第七条 新设立经认定的云计算、大数据、物联网、工业互联网等新兴产业，以及氢能与储能、生命健康、前沿新材料等未来产业项目，符合第二条、第三条规定的，在相应奖励标准的基础上增加贡献额 5% 的奖励，但不得超过 100%。产业类别根据《战略性新兴产业分类（2018）》《河南“十四五”战略性新兴产业和未来产业发展规划》确定。符合条件的，同时争取省级招商引资专项资金奖励。

第三章 引荐单位支持政策

第八条 支持范围。属于外资项目的，合同投资额须达到 1000 万美元以上；属于内资项目的，合同投资额须达到 1 亿元以上。世界 500 强企业的外商直接投资项目，或合同投资额未达到上述标准，但建成投产 2 年内年度税收 1000 万元以上的内外资项目，不受投资额度限制。

第九条 落地项目奖励。

Jiaozuo city investment preferential support policy

In order to improve the level of opening up to the outside world, increase efforts to attract investment, further expand effective investment, and promote high-quality economic and social development, this support policy is formulated in combination with the actual situation of our city.

Chapter I Scope of application

Article 1 This policy applies to newly established enterprises with independent legal personality, sound financial system and independent accounting whose investment by non-municipal investors conforms to the industrial policy

（一）新引进项目投产达效的，自项目设立企业注册登记之日起 3 年内，按外来投资者实缴注册资本的 3‰给予奖励。

（二）凡引进世界 500 强企业、中国 500 强企业、央企、隐形冠军等龙头企业，投资额度经审计确认超 10 亿元的先进制造业项目，以及投资额度经审计确认超 1 亿元的战略性新兴产业、未来产业项目，达到奖励标准的，在享受上述奖励的基础上，另给予一次性奖励 30 万元。

（三）新引进企业地区总部经济项目的，自纳税之日起，按年度地方财政贡献 10% 的等额资金给予一次性奖励。

（四）单个项目符合多项优惠政策的，按就高不就低原则予以奖励，不重复计奖，最高不超过 200 万元。

（五）成功引进重大招商引资项目的，符合条件的，争取省级招商引资专项资金奖励。奖励标准是：项目到位资本金每 5000 万元给予 10 万元奖励，单个项目最高不超过 100 万元。

（六）单个项目只认定一个引荐单位，项目投资者不得以引荐单位就自身投资的项目申请奖励。

第十条 经费支持。鼓励与商协会、招商专业机构、投资公司、咨询公司、会计师事务所

of our city and whose industrial and commercial registration place, tax registration place and statistical relationship are within the scope of our city. Where non-municipal investors invest in cooperation with municipal enterprises and the newly introduced investment capital accounts for more than 40% of the capital of the restructured enterprise, it shall be regarded as a newly established enterprise.

Chapter II Project support policy

Article 2 The newly introduced industrial projects with investment of more than 50 million yuan in fixed assets shall be rewarded according to the contribution of enterprises to our city's fiscal year from the date of tax payment.

(1) If the annual local financial contribution is less than 10 million yuan, it will be rewarded by 50% to 100% of the equivalent funds every year, with a period of 1-5 years.

(2) If the annual local financial contribution is more than 10 million yuan, "one case, one discussion" will be implemented.

(3) For the introduction of major investment promotion projects outside the province, on the basis of enjoying the support policy of our city, strive for provincial special fund incentives for investment promotion. The reward criteria are: the introduction project is actually in place and forms a paid-in capital of 100 million yuan, and the reward is 1 million yuan; For each additional 10 million yuan, the reward fund will increase by 100,000 yuan.

Article 3 The newly introduced modern service industry projects shall be rewarded for three consecutive years from the date of tax payment according to the contribution of enterprises to our city's fiscal year.

(1) Annual local financial contribution of more than 1 million yuan, less than 10 million yuan, according to the equivalent amount of no more than 50% of the annual reward.

(2) If the annual local financial contribution is more than 10 million yuan, "one case, one discussion" will be implemented.

Article 4 The newly introduced provincial or above headquarters economic enterprises (set up marketing, data, settlement and research and development centers

in our city; The newly established regional headquarters and back-office business headquarters of financial institutions in our city) will be rewarded according to the contribution of enterprises to our city in the fiscal year.

(1) Annual local financial contribution of less than 10 million yuan, the first two years of the award of 100% of the same amount of funds, the following three years of the award of 50% of the same amount of funds.

(2) If the annual local financial contribution is more than 10 million yuan, "one case, one discussion" will be implemented.

(3) Overseas and non-provincial enterprises to establish new regional headquarters and functional institutions, after examination and approval, to give no more than 10 million yuan of provincial investment promotion special fund incentives.

Article 5 Newly introduced, or capital increase, or through mergers and acquisitions to participate in the transformation and reorganization of the city's enterprises of foreign investment projects, enjoy the following policies.

(1) Reward 1% of the overseas funds actually received in the current year; Those who belong to the world's top 500 (subject to the list issued by the authoritative institution of the year) will be rewarded by 2% of the overseas funds actually received in the year.

(2) For the introduction of major overseas investment promotion projects, on the basis of enjoying the support policy of our city, strive for provincial special fund incentives for investment promotion. The reward standard is: the introduction project is actually in place and forms paid-in capital of 10 million US dollars (or equivalent RMB), the reward is 1 million yuan, and for each additional 1 million US dollars (or equivalent RMB), the reward fund is increased by 100,000 yuan. An existing foreign-invested enterprise will be awarded RMB 100,000 for each additional paid-in capital of USD 1 million (or equivalent RMB).

(3) A single project in line with a number of preferential policies, according to the principle of high not low to be rewarded, not repeated awards, the maximum is not more than 10 million yuan.

Article 6 The introduction of the world's top 500 enterprises, China's top 500 enterprises, central enterprises (State-owned Assets Supervision and Administration Commission of the State Council, the

Ministry of Finance supervision of enterprises), hidden champions and other leading enterprises, or the city's industrial development has a demonstration and leading role in major investment projects, the implementation of "one discussion", to give more favorable support policies.

Seventh newly established identified cloud computing, big data, Internet of things, industrial Internet and other emerging industries, as well as hydrogen energy and energy storage, life and health, cutting-edge new materials and other future industry projects, in line with the provisions of Article 2, Article 3, on the basis of the corresponding award standards to increase the contribution of 5% of the reward, but not more than 100%. The industry category is determined according to the "Classification of Strategic Emerging Industries (2018)" and "Henan 14th Five-Year Plan" Strategic Emerging Industries and Future Industrial Development Plan. Meet the conditions, at the same time strive for provincial investment promotion special fund awards.

Chapter three Introducer support policy

Article 8 Scope of support. If it is a foreign-funded project, the contractual investment amount must reach 10 million US dollars or more; For projects with domestic capital, the contractual investment amount shall reach more than 100 million yuan. The foreign direct investment projects of the world's top 500 enterprises, or the contract investment does not meet the above standards, but the annual tax revenue of more than 10 million yuan within two years of completion and production of domestic and foreign-funded projects, are not subject to the investment limit.

Article 9 Landing project award.

(1) The newly introduced project put into operation and effective, from the date of the project establishment of enterprise registration within 3 years, according to the foreign investors paid 3% of the registered capital to give incentives.

(2) Where the introduction of the world's top 500 enterprises, China's top 500 enterprises, central enterprises, hidden champions and other leading enterprises, the amount of investment confirmed by audit of more than 1 billion yuan of advanced manufacturing projects, and the amount of investment

confirmed by audit of more than 100 million yuan of strategic emerging industries, future industry projects, meet the award standards, on the basis of enjoying the above incentives, A one-time reward of 300,000 yuan will also be given.

(3) Newly introduced enterprise regional headquarters economic projects, from the date of tax payment, according to the annual local financial contribution of 10% of the equivalent funds to give a one-time reward.

(4) A single project in line with a number of preferential policies, according to the principle of high not low to be rewarded, not repeated awards, the maximum is not more than 2 million yuan.

(5) Successful introduction of major investment projects, meet the conditions, strive for provincial investment promotion special fund awards. The reward standard is: 100,000 yuan for every 50 million yuan of project capital in place, and the maximum for a single project is not more than 1 million yuan.

(6) Only one referral unit is identified for a single project, and the project investor shall not apply for incentives for the project invested by the referral unit.

Article 10 Financial support. Encourage business associations, investment organizations, investment companies, consulting companies, accountants

焦作市支持新能源新材料产业发展的十条政策

为加快推动我市新能源新材料产业发展,进一步做大做强新能源电池材料产业,着力打造千亿级新材料产业集群,结合我市实际,制定如下支持政策。

第一条 用地保障。对固定资产投资强度符合《河南省人民政府办公厅关于实施河南省开发区标准体系及基准值(试行)的通知》要求,且年度亩均税收 20 万元以上(以实际出让土地面积为准)的,优先保障项目建设用地。项目投产并达到上述条件,两年内由受益财政按土地出让总价扣除上缴和计提部分进行等额资金奖励。

第二条 贡献奖励。新建项目自纳税之日起,根据其对我市财政年度贡献额连续 5 年给予奖励。前 2 个年度奖励 100% 等额资金,后 3 个年度奖励 50% 等额资金。

第三条 金融支持。对龙头型、支撑型、关键链条、关键产品的项目,金融部门优先给予贷款支持,政府性产业投资引导基金优先跟投。

第四条 资金支持。固定资产投资达到 10 亿元以上,且具备引领性和带动性的项目,享受以下资金扶持。

(一) 设备补贴。对新建项目新购置的生产设备(不含研发设备),按照各方认可的第三方评审机构认定的生产设备和设备安装发票金额(含税)的不超过 40% 进行补助。

(二) 厂房代建。对新建项目的厂房和配套设

施,采取“一事一议”的办法,可由项目所在地政府与企业协议约定代建、回购等事项。

(三) 技术改造支持。对企业技改类、技术创新类项目等,按《河南省省级制造业高质量发展专项资金管理办法》给予补助。

(四) 项目补贴。对具有引领性、战略性的重大项目,采取“一事一议”的办法给予资金补贴。

第五条 研发平台支持。积极组织大专院校、科研院所、政府投资平台与企业共建省级以上研发中心和实验室,争取省级奖励资金支持,并给予《焦作市科技创新奖励资金管理办法》相关政策支持。

第六条 人才引进。对企业引进的高级管理人才和高级技术人才,按个人收入对我市的财政贡献额给予等额奖励,并享受《焦作市高层次人才认定办法》相关政策。

第七条 要素保障。对项目建设中立项、注册、登记、用电、用水、用气、环评、能耗、网络等事项,优先保障、限时解决。

第八条 服务机制。建立领导分包联系、派驻企业服务官服务、支持企业家参政议政等机制,常态化推进助企、育企、强企工作。

第九条 容错机制。实行柔性执法,除涉及安全、环保等重点领域外,对企业在项目建设、生产经营中的轻微违法行为,落实“首违不罚”相关规定,最大限度降低行政执法对企业的影响。

第十条 其它规定。

- (一) 本政策由市对外开放工作领导小组组织相关单位和县（市、区）政府负责落实。
- (二) 本政策涉及的奖励和补贴资金由受益财政负责兑现。中心城区由市、区两级财政按受益比例分担兑现，其他县（市）由本级财政承担。
- (三) 单个项目符合多项优惠政策的，按就高不就低原则予以奖励，不重复计奖。
- (四) 各县（市、区）政府、市城乡一体化示范区管委会参照执行。
- (五) 本政策由市对外开放工作领导小组办公室负责解释，自发布之日起施行，有效期 5 年。

Ten Policies of Jiaozuo City on Supporting the Development of New Energy and New Material Industry

Combining with the actual situation of Jiaozuo City, these support policies are formulated, so as to facilitate the development of the new energy and new material industry of Jiaozuo City, further expand and strengthen the new energy battery material industry, and make efforts to build a 100-billion new material industrial cluster.

Article 1 Guarantee of land use. An enterprise whose fixed-asset investment intensity conforms to the requirements of Notice of the General Office of the People's Government of Henan Province on the Implementation of the Standard Systems and Baseline Values for Development Zones in Henan Province (Trial) and with an annual amount of taxes paid exceeding RMB 200,000 yuan per mu (subject to the actual area of land transferred) will have the priority to enjoy the guarantee for project construction land. A project which is put into production and meets the above conditions will be rewarded by the benefited finance sector at an annual amount equivalent to that calculated by deducting the submitted and accrued parts from the total land transfer price within two years.

Article 2 Rewards for contributions. A newly established project will be rewarded for five consecutive years according to its contribution amount to Jiaozuo City in the fiscal year since the tax payment date. The

annual reward amount will be equivalent to 100% of the contribution for the first two years and 50% of the contribution for the last three years.

Article 3 Financial support. For projects of leading, supporting, critical chain and key products, the financial department will give them priority to enjoy bank lending support, and the government-managed industrial investment guidance funds will follow the investment preferentially.

Article 4 Funds support. A leading and facilitating project with the fixed-asset investment of more than RMB 1 billion yuan will enjoy the following funds support.

- (1) Equipment subsidies. The newly purchased production equipment (excluding the R&D equipment) of a newly established project will be subsidized by not more than 40% of the invoice amount (tax inclusive) of production equipment and equipment installation identified by the third-party accreditation agency approved by all parties.
- (2) Agent construction of plant buildings. Case-by-Case Approval System will be applied to the plant buildings and supporting facilities of a newly established project, and matters related to agent construction and buy-back can be agreed upon between the local government and the enterprise.

- (3) Technical transformation support. Projects of technical transformation and technical innovation will be subsidized according to the Administrative Measures on Special Funds for the High-quality Development of Provincial Manufacturing Industry in Henan Province.
- (4) Project subsidies. Major leading and strategic projects will be subsidized based on the Case-by-Case Approval System.

Article 5 R&D platform support. We will actively organize junior colleges, scientific research institutions, government investment platforms and enterprises to co-build R&D centers and laboratories above the provincial level, make efforts to help enterprises obtain provincial-level reward funds, and offer relevant policy support according to the Administrative Measures of Jiaozuo City on Reward Funds of Scientific and Technological Innovation.

Article 6 Talent introduction. The senior management talents and senior technical talents employed by relevant enterprises will be rewarded at an amount equivalent to their contributions to local finance based on their personal income and enjoy relevant policies in the Identification Measures of Jiaozuo City on High-level Talents.

Article 7 Guarantee of elements. We will give priority to the guarantee of project approval, registration, filing, utilization of electricity, water and gas, environmental impact assessment, energy consumption, and network during project construction, and ensure problems will be solved in a timely manner.

Article 8 Service mechanism. We will set up mechanisms such as assignment and coordination by leadership, resident service officers, and supporting entrepreneurs to make public opinions, to facilitate, foster and enhance the development of enterprises.

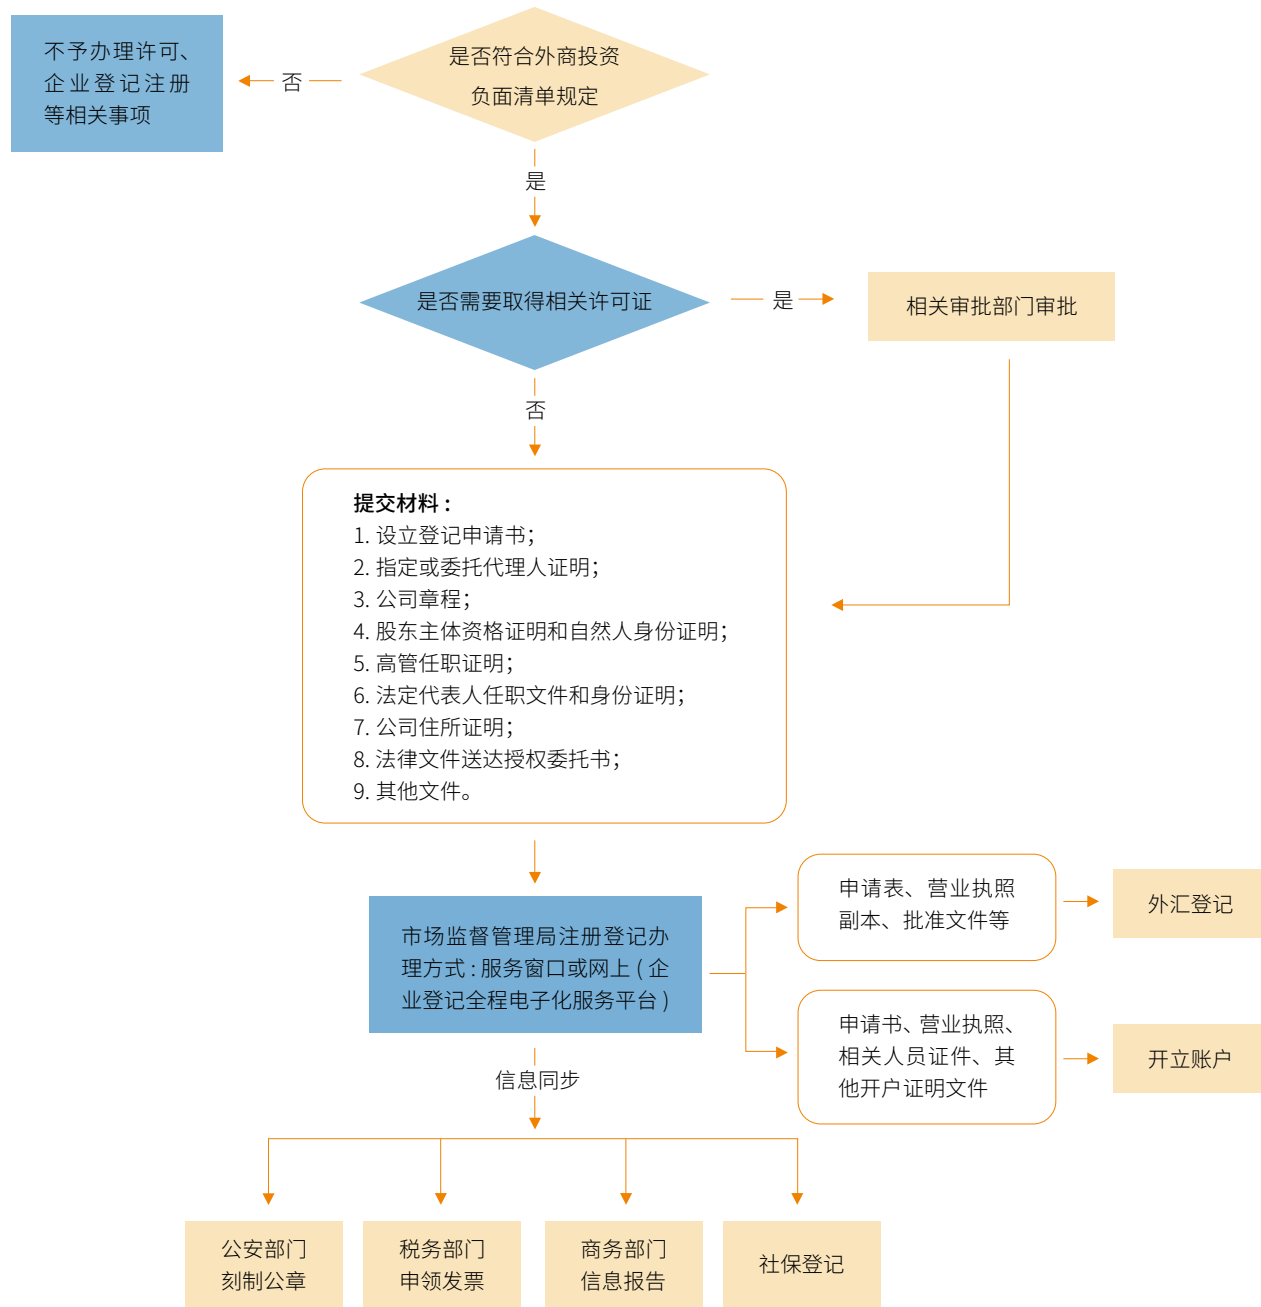

Article 9 Fault-tolerant mechanism. We will implement the flexible law enforcement. Excluding major fields such as safety and environmental protection, we will implement the provisions related to No Punishment for First Violation for enterprises' minor violations of law during project construction, production, and management, to minimize the impact of administrative enforcement of law on enterprises.

Article 10 Miscellaneous.

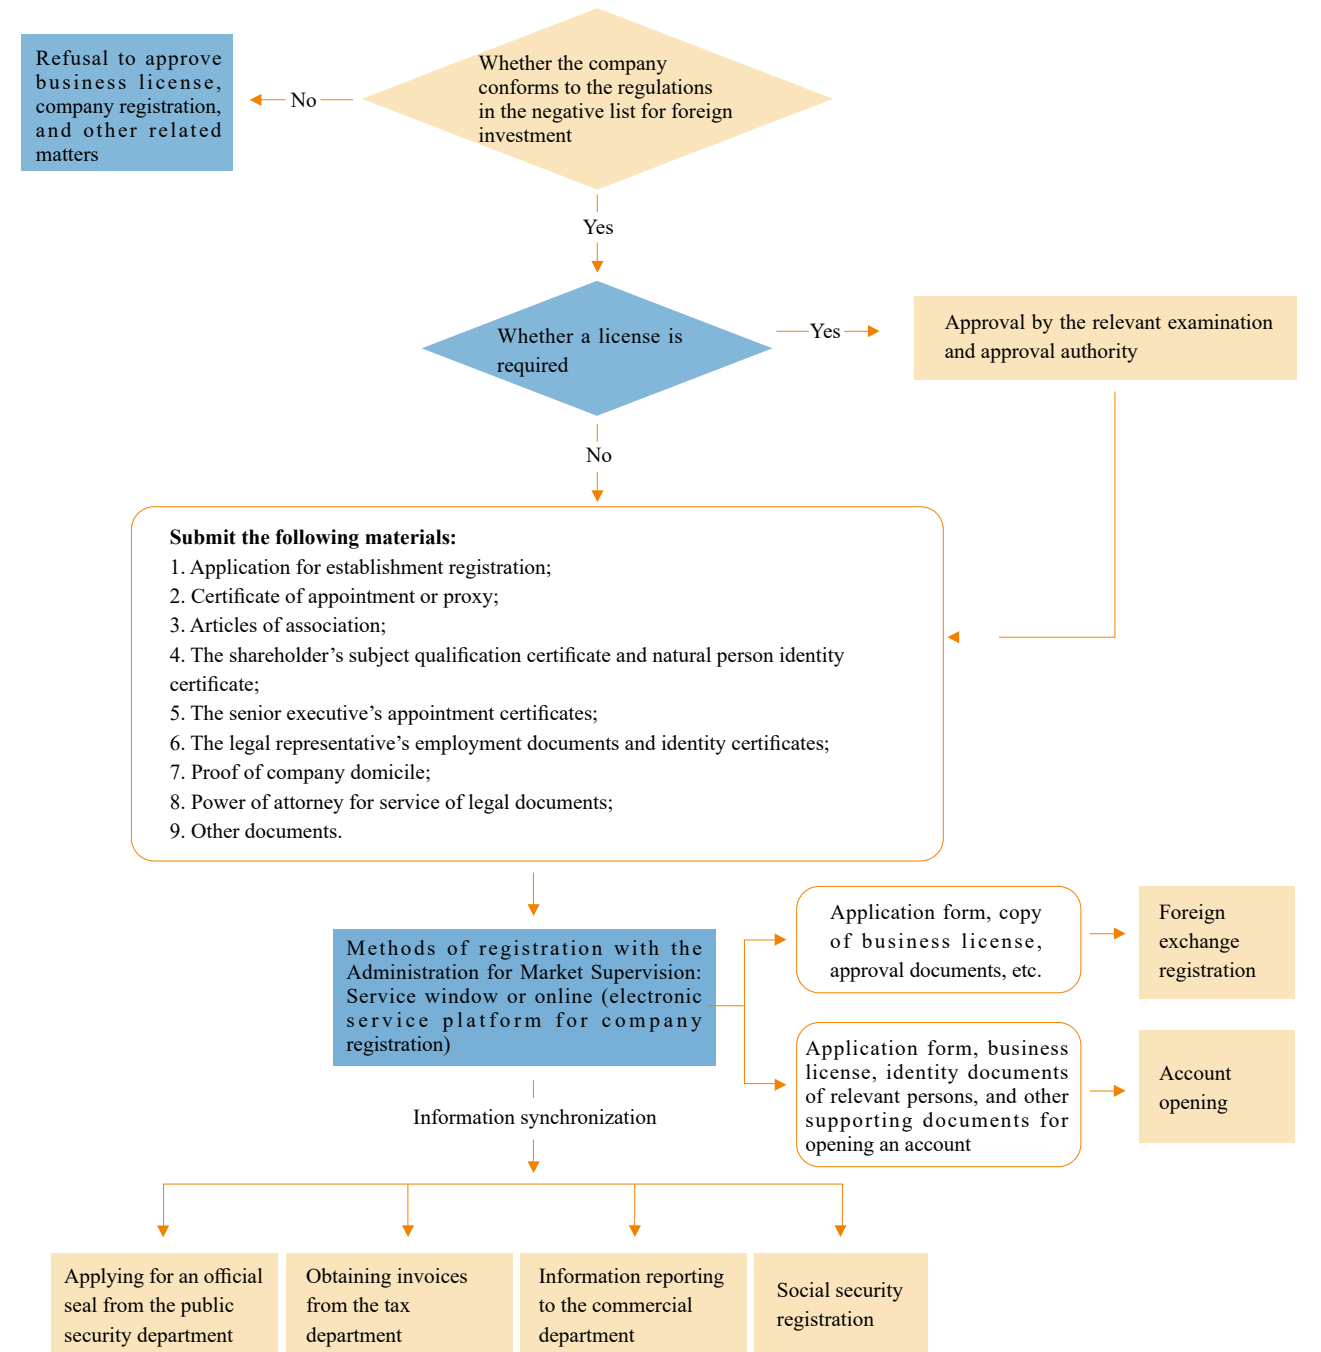

- (1) These policies will be implemented by relevant departments and county (county-level-city or district) governments under the organization of the opening-up work leading group of Jiaozuo City.
- (2) The rewards and subsidies involved in these policies will be provided by the benefited finance sector, that is, by municipal and district finance sectors at the benefit ratio in the central urban area, and by the county (county-level-city) finance sector in each county (county-level city).
- (3) A single project which complies with multiple preferential policies will be rewarded according to one of the policies whichever amount is higher, without repetition
- (4) Governments of all counties (county-level cities and districts) and the Management Committee of Jiaozuo Urban-Rural Integration Demonstration Area shall comply with these policies.
- (5) The opening-up work leading group of Jiaozuo City will be responsible for the interpretation of these policies. The policies will be implemented since the date of issuance, and the period of validity is five years.

孟州市 Mengzhou City

孟州市地处河南省西北部，是焦作市管辖的县级市，总面积 541.6 平方公里，人口 40 万，下辖 11 个乡镇办事处，274 个行政村，1996 年撤县设市。孟州连续 11 年跻身“全国最具投资潜力百强县市”，成功入选河南省第一批践行县域治理“三起来”示范市。

规划建设了 29.6 平方公里的产业集聚区，产业集聚区规上工业企业 64 家，先后 7 次跻身全省前十，是河南省三星级产业集聚区。拥有装备制造、生物化工、皮革制造三大主导产业，培育了电子信息、保税经济、新能源汽车三个新兴产业，打造了中原内配、隆丰皮草、广济药业三个世界第一品牌，是全球最大的气缸套、羊剪绒、核黄素生产基地。

Located in the northwest of Henan Province, Mengzhou is a county-level city under the jurisdiction of Jiaozuo City, with a population of 400,000 and a total area of 541.6 square kilometers. It has 11 township and sub-districts offices and 274 administrative villages under its jurisdiction. Mengzhou has been ranked among the China's Top 100 Best Counties and Cities for Investment for 11 consecutive years, and has successfully been ranked among the first batch of demonstration cities in Henan Province that try to build wealthy and powerful county, promote reform for growth and connect cities and villages.

An industrial cluster has been built, covering 29.6 square kilometers and attracting 64 industrial enterprises above designed size. As a three-star industrial agglomeration area in Henan Province, the zone has been among Henan's Top Ten for seven times. It has three leading industries including equipment manufacturing, biochemical industry and leather manufacturing and three emerging industries including electronic information, bonded economy and new energy vehicles. Also, it is home to three world first brands, namely ZYNP Corporation, Henan Prosper Furs and Guangji Pharmaceutical, and is the world's largest base for producing cylinder liner, shorn sheepskin and riboflavin.

辖区龙头企业 Leading enterprises

- 1. 装备制造 已形成以中原内配为龙头，中原 GKN、中内凯思等企业为骨干的产业集群。
- 2. 皮革制造 依托世界最大的羊剪绒生产企业——隆丰皮草，正在加快建设总投资 70 亿元的隆丰皮革制造产业园。
- 3. 生物化工 已形成以广济药业为龙头，金山化工、豫农生物、华兴公司等企业为骨干的产业集群。

- 1. Equipment Manufacturing. An industrial cluster has been formed including leading enterprises ZYNP Corporation and Zhongyuan GKN, ZNKS Automotive New Power System.
- 2. Leather Manufacturing. Relying on the world's largest shorn sheepskin production enterprise - Henan Prosper Furs, Mengzhou is accelerating the construction of Longfeng Leather Manufacturing Industrial Park with a total investment of 7 billion yuan.
- 3. Biochemical Industry. An industrial cluster has been formed with Guangji Pharmaceutical, Jinshan Chemical, Yunong Biological, and Huaxing Company.

温县 Wenxian County

温县古时因境内有温泉而得名，总面积 481.3 平方公里，人口 46.8 万，是国家卫生县城、国家园林县城、全国农村产业融合发展试点县、全国农村集体产权制度改革试点县，位于河南省西北部，南滨黄河，北临沁水，是太极拳发源地、四大怀药原产地和优质小麦种子基地，近年来正着力打造特色农业之乡、食品药品之都、太极文化之城、生态宜居之地、平安幸福之区“五张名片”，先后被授予国家园林县城、国家卫生县城、省级文明县城提名县、国家现代农业产业园等荣誉称号。

温县产业集聚区作为首批省级产业集聚区，是“省级经济技术开发区”“省知名品牌示范区”“省二星级产业集聚区”，拥有规模以上企业 54 家，已形成食品药品、装备制造、定制家居三大产业板块和铝基板、建筑装备、静脉产业等三大产业集群，正着力打造一个“百亿产业园”和两大超百亿级产业集群，努力构建县域经济社会高质量发展新格局。

Wenxian County, named after its hot springs in ancient times, has a total area of 481.3 square kilometers and a population of 468,000. It is a national health county, a national garden county, a national pilot county for integrated development of rural industries, and a national pilot county for reform of the rural collective property rights system. Located in the northwest of Henan Province, the county is bordered by the Yellow River in the south and the Qinhe River in the north. It is the birthplace of Taiji Quan, one of the origins of the four major Huaqing medicines, and the base of high-quality wheat seeds. In recent years, Wenxian County has been striving to create the “Five Business Cards” of characteristic agriculture, food and medicine capital, Taiji culture city, ecologically livable place, and safe and happy

area. It has been awarded honorary titles such as National Garden County, National Health County, Provincial Civilized County Nominated County, and National Modern Agricultural Industrial Park.

As one of the first provincial-level industrial clusters, Wenxian County Industrial Cluster District is a “provincial-level economic and technological development zone”, a “provincial-level well-known brand demonstration zone”, and a “provincial-level two-star industrial Cluster District”. It has 54 enterprises above designated size and has formed three major industrial sectors, including food and medicine, equipment manufacturing, and customized home furnishings, as well as three major industrial clusters, including aluminum substrate, construction equipment, and venous industry. The county is striving to build a “10-billion-yuan industrial park” and two industrial clusters of over 10 billion, and establish a new pattern of high-quality development of the county’s economy and society.

解放区 Jiefang District

解放区是焦作市政治、经济、文化、商贸中心，辖9个街道，1个健康产业园区，23个行政村、34个社区，总面积67平方公里，常住人口35万。解放区是焦作现代城市的起源地，诞生了河南省第一座发电厂，第一条铁路，也诞生了河南省第一个工科大学——焦作路矿学堂（中国矿业大学和河南理工大学的前身）。解放区区位优势、宜居宜业，不仅是市委、市政府所在地，同时拥有焦作高铁站、长途汽车站等交通枢纽，辖区万达广场、王府井百货等商贸资源丰富。

“双高双创”示范区
Demonstration Zone for “Double High and Double Innovation”

Jiefang District is the political, economic, cultural and commercial center of Jiaozuo City, covering nine streets, one health industrial park, 23 administrative villages and 34 communities, with a total area of 67 square kilometers and a permanent population of 350,000. It is the birthplace of Jiaozuo, a modern city, and the location of Henan Province's first power plant, first railway, and first college of engineering - Jiaozuo Mining College (the predecessor of China University of Mining and Technology and Henan Polytechnic University). The district is the location of the municipal Party committee and the municipal government, Jiaozuo high-speed railway station, Jiaozuo long-distance bus station and other transportation hubs. At the same time, it is rich in commercial resources such as Wanda Plaza and Wangfujing Department Store.

招商方向 Intentions

近年来，解放区提出了以“生产性服务业抓突破、生活性服务业抓转型提升”的发展思路，确立了数字经济、文旅文创、都市工业三大主导产业，先后打造了焦作地理信息产业园、焦作市5G产业园、焦作市融媒体中心文化科技产业园等8个专业园区。抢抓国土空间规划调整机遇，将牧野路两侧近12平方公里纳入解放区开发边界，以高品质生活、高科技产业，科技创新和文化创意为主题，建设“双高双创”示范区，主要发展具有无污染、高效益、高技术以及以工业设计、研究开发和高端加工制造为主的都市型工业。

In recent years, Jiefang District has put forward the development idea of “breakthrough in productive service industry and transformation and upgrading in life service industry”, established three leading industries of digital economy, cultural tourism and creativity, and urban industry, and has successively built eight professional parks, including Jiaozuo Geographic Information Industrial Park, Jiaozuo 5G Industrial Park, and Jiaozuo Media Convergence Culture and Technology Industrial Park. Seizing the opportunity of adjusting the national spatial planning, the district incorporates nearly 12 square kilometers on both sides of Muye Road into its development boundary, and builds the Demonstration Zone for “Double High and Double Innovation” with the theme of high-quality life, high-tech industries, scientific and technological innovation and cultural creativity, so as to mainly develop pollution-free, efficient, and high-tech urban industries focusing on industrial design, research and development, and high-end processing and manufacturing.

中站区位于河南省焦作市城区西部，是一个以工业为主、综合发展的新兴城区。地处中原，南邻郑州、北接山西，公路、铁路纵横交错、四通八达，属于中原城市群核心区，享有黄河流域生态保护和高质量发展、中国（河南）自贸区、郑州大都市区以及郑焦深度融合等带来的战略机遇，具有深厚和广阔的市场空间。

焦作经济技术开发区位于河南进入晋东南的门户位置，是晋煤外运的主要集散地，华北一级编组站一月山火车站、武钢货运站，焦太高铁、郑焦城际铁路从这里直通全国；焦晋、焦郑、焦温、焦新等高速公路在此交汇；郑州、洛阳国际机场距此仅 1 小时车程。

园区拥有国家高新技术企业 24 家、国家科技型中小企业 27 家、省“专精特新”企业 13 家、国家级企业技术中心 2 家、省级工程技术研究中心 20 家。多氟多氟基新材料创新中心成为省级创新中心，两家省级产业研究院挂牌成立，两家企业进入省中试基地培育库。1 家国家级“博士后科研工作站”和 2 家省级“博士后创新实践基地”挂牌成立，累计引进高层次创新人才（团队）16 个。

Located to the west of Jiaozuo's built-up areas, Zhongzhan District is a new industry-driven comprehensive urban area. Situated in the Central Plains and bordering Zhengzhou to the south and Shanxi Province to the northwest, it is at the heart of the Central Plains urban agglomeration, with a well-developed rail and road network. As such, the district benefits a lot from the ecological protection and high-quality development of the Yellow River Basin, China (Henan) Free Trade Zone, Zhengzhou metropolitan area, and the deep integration of Zhengzhou and Jiaozuo, and has a broad market space.

Jiaozuo Economic and Technological Development Zone is the gateway of Henan to southeastern Shanxi and the main distribution center of Shanxi coal. North China's first-level classification stations, i.e., Yueshan Railway station, Wuhan Iron and Steel Freight Station, Taiyuan-Jiaozuo High-speed Railway, Zhengzhou-Jiaozuo Intercity Railway, can reach all parts of the country from here. In addition, the zone stands at the intersection of Jiaozuo-Shanxi, Jiaozuo-Zhengzhou, Jiaozuo-Wenzhou and Jiaozuo-Xinye Expressways. Zhengzhou and Luoyang International Airports are only an hour's drive away.

The park has 24 national high-tech enterprises, 27 national science and technology SMEs, 13 provincial professional innovative enterprises that produce new and unique products, two national enterprise technology centers, and 20 provincial engineering technology research centers. The Do-Fluoride fluorine-based new materials innovation center has become a provincial innovation center, two provincial industrial research institutes have been established, and two enterprises have been approved as the provincial pilot bases. A national “postdoctoral research workstation” and two provincial “postdoctoral innovation practice bases” have been established, and 16 top innovative talents (teams) have been introduced.

马村区 Macun District

马村区是焦作市四城区之一，南水北调中线工程穿城而过，地域面积 122 平方公里；下辖七个街道办事处,64 个行政村,14 个社区，总人口 12 万。

马村区辖区有焦作马村区现代服务业开发区和焦作经济技术开发区东部园区，均为省级开发区，是焦作市唯一拥有先进制造业开发区和现代服务业开发区“双区发展载体”的县区。

焦作经济技术开发区东部园区目前规划面积 5.41 平方公里，调规扩区后面积为 5.99 平方公里。主导产业为铝及铝精深加工、医药制造。园区下辖企业 40 家，其中规模上企业 17 家。龙头企业 2 家，即焦作万方铝业股份有限公司、焦作健康元生物制品有限公司，均为上市企业。

焦作马村区现代服务业开发区规划面积约 0.798 平方公里，调规扩区后面积为 3.08 平方公里，是焦作市唯一一家省级服务业开发区。主导产业为现代物流。园区内有鸿运国际商城、焦作厚疆（万邦）农产品批发市场。

Macun District is one of the four urban areas of Jiaozuo City that is crossed by the middle route of the South-to-North Water Diversion Project. With an area of 122 square kilometers, it administers seven sub-district offices, 64 administrative villages, and 14 communities and has a population of 120,000.

Macun District has its own Modern Service Industry Development Zone and the eastern part of Jiaozuo Economic and Technological Development Zone, both of which are provincial development zones. The district is the only one in Jiaozuo City that has advanced manufacturing development zone and modern service development zone as “dual-zone development carriers”.

The eastern part of Jiaozuo Economic and Technological Development Zone currently has a planning area of 5.41 square kilometers, which will be expanded to 5.99 square kilometers after adjustment. The zone is mainly engaged in aluminum and aluminum deep processing and biomedicine. There are 40 enterprises under the jurisdiction of the park, 17 of which are large-scale enterprises. Two leading enterprises, namely Jiaozuo Wanfang Aluminum Manufacturing Co., Ltd. and Jiaozuo Joincare Pharmaceutical Group Industry Co., Ltd. were listed.

The planning area of Macun District Modern Service Development Zone is about 0.798 square kilometers, which will be expanded to 3.08 square kilometers after adjustment. It is Jiaozuo’s only provincial service development zone, driven by modern logistics. The park has Hongyun International Shopping Mall and Jiaozuo Houjiang (Wanbang) Wholesale Market of Agricultural Products.

主导产业 Leading industries

- 一是先进制造业“2+1”，即铝及铝精深加工、绿色建材和医药制造“三大主导产业”。
- 二是现代服务业，即现代物流产业。

First, advanced manufacturing “2+1”, that is, “three leading industries” including aluminum and aluminum deep processing, green building materials and pharmaceutical manufacturing.

Second, modern service industry, i.e., modern logistics

焦作高新区 Jiaozuo High-tech Zone

焦作高新技术产业开发区（简称焦作高新区）位于焦作中心城区南部，为国家级高新技术产业开发区，是国家新型工业化四星级产业示范基地、国家“双创”特色载体、国家企业创新积分制试点单位。具有良好的产业基础，坚持对外引进和自主培育并重，引进培育了蒙牛、明仁、科瑞森、卓立、天宝等“链主”企业，在矿山机械、汽车零部件、绿色食品等领域汇聚了一批技术领先、市场份额大的行业标杆企业，上下游成链、左右岸配套，形成了绿色食品、装备制造、新材料三个主导产业集群，正朝着绿色食品 300 亿、装备制造 100 亿、新材料 100 亿的“311”产业集群目标阔步前行。

焦作高新区具有优越的营商环境，享有国家高新区政策优势，拥有省辖市级经济管理权限和行政管理权限。颁布实施支持工业经济、招商引资、科技创新三个“十条”惠企政策，含金量高、覆盖面广、针对性强、支持力度大。始终秉持“无事不扰、有事解决、高效服务”的理念，努力打造审批最少、流程最优、体制最顺、机制最活、效率最高、服务最好的“六最”营商环境，得到入驻企业一致好评。

Jiaozuo High-tech Industrial Development Zone (Jiaozuo High-tech Zone), located in the southern part of the central urban area of Jiaozuo, is a national high-tech industrial development zone, a national four-star industrial demonstration base for new industrialization, a national “double innovation” characteristic carrier, and a national pilot of the enterprise innovation credit system. With a good industrial foundation, the zone has brought in Mengniu, Ming Ren, JZCREATION, Zhuo Li, Tianbao and other “supply chain leaders” and gathered a group of leading enterprises in technology and market share in mining machinery, auto parts and green food. It is on track to build industrial clusters

for green food, equipment manufacturing and new materials, which are worth 30 billion, 10 billion and 10 billion respectively, by relying on the complete upstream and downstream supply chains and supporting enterprises. Jiaozuo High-tech Zone has a business-friendly environment, national policy advantages, and economic management authority and administrative management authority of the provincial municipality. It has implemented three “Ten Measures” policies to support the industrial economy, investment attraction, and scientific and technological innovation that are widely recognized, broad, targeted and powerful. The zone is committed to the concept of delivering “fair climate and efficient services”, and are striving to improve approval procedures, processes, systems, efficiency and services. That’s how it gets recognition from enterprises.
